Mr. Donald A. Wallgren
Federal Activities Coordination Branch
Surveillance and Analysis Division
U. S. Environmental Protection Agency
230 South Dearborn
Chicago, Illinois 60604

Dear Mr. Wallgren:

This is in reference to two applications submitted by the United States Steel Corporation for Department of the Army permits. The first application is for a permit to dredge at South Works, north and south slips. The second application is for a permit to dredge at Gary Harbor, all dredged material is to be placed in a contained area at Gary, Indiana.

We are inclosing a copy of a letter of 27 February 1975 from the applicant. We request your specific review and comments on the following items:

- a. Comments, if any, on the impact of the net inflow/outflow rates contained in paragraph (a), page 1;
- b. Comments on paragraph (1), page 1. Does the explanation contained in this paragraph meet the requirements of condition 1 of your letter of 21 January 1975 (copy inclosed)?
- c. Comments on the conformance of sample analysis contained in Table 1 of the 27 February 1975 letter with applicable Federal Environmental Protection Agency/State of Indiana standards.
